Dear Jim,

I have been mandated to write on behalf of the "Glasgow Anarchist Group". I believe in calling a spade a spade and not an agricultural implement which could mean several things. Truly, this is a begging letter. A more sophisticated expression may be, this is an appeal for a donation if practical.

Purpose of donation is similar to our request for donations towards cost of the "Summer School" project in May 1993. We are embarking on a project to establish a club, tentatively to be designated "The Solidarity Club". Principal use of club is for meetings relating to the general political and social questions of the day; for socials; for a children's crèche and for the promotion of cultural pursuits.

Subsequently it is our intention

²
when meetings are not in session and on social evenings to establish a permanent bar for those who wish to imbibe whilst conversing. With the oncoming festival period we are aware of all your additional commitments. In consequence we do not expect any response until early 1994.

Having said that, it would be highly appreciated if we had response by the end of January 1994.

Yours,

With a clenched fist
and a bent elbow.

On behalf of Glasgow Anarchist group

R. Lynn
